G. H. WILSON SEED CO., Downs, Kansas

This is price list and order sheet. We create, grow and sell new and improved kinds of plant life; buy, import, sell and distribute, both wholesale and retail, all kinds of seeds, but specialize in the creation, growing and improving of plants, helping them to adopt themselves to our weather conditions, bringing forth heavier yields of better and more luscious fruits, and seeds listed under the heading of New and Improved Kinds, should be tried as they will give the grower greater reward for his efforts.

Our Terms are CASH with the order and all prices are charges prepaid—delivered to your address. Our seeds are grown under the dry weather conditions and are very drought resistant. They are all hand picked and carefully selected to give our customers the best possible values.

Thanking our many friends and customers, who have given us their support in our work and assuring all that we appreciate the close relationship that exists between our customers and ourselves.

We are especially equipped to handle mail orders. Write for prices on quantity.

Dear Sirs:
We are herewith inclosing our
Seed Lists as per your request, & we
do not issue a regular Catalogue, but
just a straight price List, as our
work is almost entirely originating new
kinds by cross breeding and selection
and the continually changing of cuts,
of new kinds for Catalogues would
be so expensive we could not
support it. Not until we have
developed a larger business to
support it.
Thanking you we
Remain Very Truly Yours.
